PROFESSIONAL SUMMARY

Full-stack developer (B.Tech CSE, CGPA 8.51) skilled in building and deploying production-grade web applications with React.js, Node.js, Express.js, PostgreSQL, and Prisma ORM. Experienced integrating Generative AI (Google Gemini API) into real products and implementing secure, JWT-based authentication. Also comfortable with systems-level programming in Java and Python, with solid fundamentals in OOP, databases, and computer networking.

EDUCATION

Galgotias University **Jun 2022 – Jun 2026**
B.Tech. in Computer Science and Engineering | CGPA: 8.51 *Greater Noida, India*

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), Python, SQL
Frameworks & Libraries: React.js, Node.js, Express.js, Flask
Databases & ORM: PostgreSQL, Prisma ORM
Concepts & Tools: REST APIs, JWT Authentication, OOP, Git/GitHub, Generative AI Integration (Gemini API)

PROJECTS

AI Doctor Appointment & Health Summary System *React, Node.js, PostgreSQL, Flask, Gemini API*
Live Demo: ai-doctor-appointment-health-summar.vercel.app | GitHub: github.com/thesurajcode/ai-doctor-appointment-health-summary-system

– Built a full-stack healthcare application with role-based JWT and bcrypt authentication for doctors and patients.

– Structured the backend using a Controller–Service–Repository pattern with PostgreSQL and Prisma ORM.

– Implemented appointment booking and consultation workflows, and integrated a Flask microservice with the Gemini API for AI-generated health summaries.

– Deployed the React frontend on Vercel and the Node.js/Flask backend on Render.

Recursive DNS Server & Full-Stack DNS Resolver *Java, Python, Flask, UDP Sockets*
GitHub: github.com/thesurajcode/DNS-Server

– Built a recursive DNS resolver in Java that checks a local domain-IP map and forwards unresolved queries to a public DNS server (8.8.8.8) over UDP sockets.

– Added NXDOMAIN handling and built a Python Flask backend with an HTML/JavaScript frontend for browser-based domain resolution.

CERTIFICATIONS

- Oracle Academy – Java Foundations
- Oracle Academy – Database Programming with SQL
- Wipro TalentNext – Java Full Stack
- Cisco Networking Academy – CCNA: Introduction to Networks & Switching, Routing, and Wireless Essentials

ACHIEVEMENTS

- Team Lead, Humanity Saviours Club – led volunteers for community welfare, animal care, and tree plantation drives.
- Academic Excellence Award at district level (Class X).
